The Brumby Chair Company launches new website with online ordering

Marietta, GA, January 13, 2015 – The Brumby Chair Company announced today that they have launched a new and improved website to provide customers with online ordering capabilities and additional historical information for the company that has been in business since 1875.

After years of providing customers with an informational ecommerce website on the famed Brumby® Rocker, The Brumby Chair Company is updating the user experience of the existing website. The new website allows for online ordering of Brumby Chair products with direct home delivery all over the world. Additionally, the new website will provide information on the history of the company, its products, and display Brumby Chair Company catalogues dating back to 1914. Customers will be able to digitally flip through the pages of catalogues from 1914, 1930, 1938 and 1941 to see if other family heirlooms are actually Brumby products.

“Purchasing Brumby Rockers online provides added service to our loyal customers all over the world who increasingly prefer to shop online,” said Anna Brumby, president of The Brumby Chair Company. “We are consistently focusing on adding modern day capabilities to our website while still maintaining the historical integrity of Brumby® Rockers.”
