A Brumby® Rocker is
more than a rocking chair
It's a legacy

The Brumby® Jumbo Rocker

The rocking chair we all remember...designed by the Brumby family of Marietta in the early 19th century, the Brumby Jumbo is believed to be the oldest product in Georgia still in production. Because of its generous proportions, the Jumbo became famous for its craftsmanship, comfort and elegance.

The Brumby Jumbo Rocker of present maintains all the same specifications of the classic rocker. The extra tall back posts are steam bent to cradle the back and curves around the shoulders for added comfort and support. The runners

are evenly bent and extra long to ensure an even rock and attached with solid brass carriage bolts for added strength.

These classic rockers are built to decorate porches in the summer and hearths in the winter. Constructed with the finest solid Appalachian Red Oak, Brumby Rockers are designed to withstand drastic changes in humidity and temperature. Brumby Rockers are assembled using hand wedged techniques allowing the wood to give with the change in temperature and last for generations.

Using cane from the Orient, the backs and seats are expertly hand-caned in a traditional Herringbone pattern adding a stylish and artistic design to every chair. The final steps in the production process include adding multiple layers of finish and lacquer to ensure a handsome polish.

Hand crafted to century-old specifications, the tradition of the South continues with this uniquely designed and uncommonly comfortable collector's item. The Brumby Jumbo has become synonymous with creating lasting memories. Whether you're rocking a new baby to sleep or relaxing with your family on your front porch, Brumby Rockers have been an integral part of family Heritages for over a century.

"From Jekyll Island to Yellowstone Lodge, the durable Brumby captured the resort porch market. As guests returned home, the Brumby gradually won the distinction of being the nation's best rocker." Esquire Magazine

Atlanta Journal Constitution

Custom Laser Engraving

Customize your Brumby® Rocker with our laser engraving service. Enhance what is already the most elegant rocker on the market by adding a touch of personalization to the head rest.

Choose any logo, symbol, seal or custom design to be engraved on the front of the headrest and we'll ensure your rocker is a memorable piece of your furniture collection or the perfect gift for friends and family.

Engraved Brass Plates

Nothing commemorates an important occasion like a personally engraved message. Add a touch of distinction to any Brumby Rocker with a beautiful solid brass plaque affixed to the back of the headrest. Custom messages can be inscribed to honor family milestones that can be remembered for generations.

Brumby Rockers are a great way to commemorate exciting events like birthdays, holidays, retirements or a new baby in any family. Space permitting, font styles and sizes can be accommodated.
